Prohibition is Joke in Chicago

Visitors from Lacombe to the Chicago International Show this week were greatly impressed with the amount of drunkenness in that city. In an interview with John McKeen, prominent citizen of this district, he stated to our reporter that never before in his life had he seen so much drinking going on, and absolutely openly. During his stay at the Stevens Hotel, which is the largest hotel in the world, he said that at any time of the day or night liquor could be had for the asking. Girls and boys of ages ranging from 17 to 35 could be seen staggering about the large rotunda, totally drunk. He further stated that in conversation with prominent people of Chicago, that the decent people of that city were absolutely against prohibition, and that the only people who were in favor of it and who supported it were the bootleggers, gangsters and the sporting element. Mr. McKeen remarked that while in Toronto, where liquor can be obtained only from government vendors he would say that there was not the smallest fraction of drunkenness as compared with Chicago. Asked by our reporter if the bootleggers were open in their nefarious business, he stated that they were absolutely open, and would drive their trucks right up to the hotel, and unload their cargo right before the eyes of the police. It seemed to him that everyone could get liquor who had the money and who wanted it—even if they were boys or girls of school age. It was the biggest farce he ever saw in his life, and he would say without exaggeration that in his travels all over Canada and in England, Scotland or Ireland he had never seen anything so appalling as the situation in Chicago with regard to liquor. Mr. McKeen said that it certainly was a pleasure to get back to Alberta where the hotels were under the strict supervision of the liquor control board, and where the hotels were run in a way that prevents any possibility of young children obtaining liquor. He remarked that if the state of affairs as they exist at present in Chicago would prevail in Lacombe it would certainly be against any thought of it.

The Open Air Rink Popular

LACOMBE SCHOOL PUPILS GET RINK OF THEIR OWN

Owing to the number of Hockey Teams at present in the Lacombe Public and High Schools, it was deemed advisable to build an open air rink for their use. And so enlisting the aid of a number of Sporting Enthusiasts work was begun on its erection on the ground formerly used by the Football Club. A fence was built and flooding has commenced. The ice surface will be about 85 ft. wide by 185 feet long, which is considerably larger than that of the Lacombe Municipal Rink.

It has been a long felt want in Lacombe, that the children above eleven years of age, had no place to skate or play hockey on, after the lakes and sloughs were snowed under, unless they paid dearly for the privilege to do so on the arena, which is owned by this municipality. In past seasons it has cost the Junior and Midget Teams hundreds of dollars to carry on their games, and in a year such as this, it is easily seen that many of the boys and girls would be unable to "dig up the money" to play, and would be forced to abandon this winter sport which is rightfully their heritage.

So, the new rink was commenced; so confident are the promoters that they have gone to a lot of expense out of their own pockets in order to enable the "kids" to have a good time this winter. But if the idea is to be carried through to completion more money is needed, and we believe all parents in town will be only too pleased to assist in this good work, and even those who are not parents will, we feel, respond to some small way in putting this thing over.

It is the slogan of the new rink instigators, that "Every Child Will Skate this Winter", and the management are asking anyone with skates they are not using or have grown out of to leave them at the Western Globe office, or with the rink caretaker, so that they can be loaned to such children who have been unable to procure some for themselves.

Following are the officers of the Lacombe School Rink Association: President, Barney Halpin. Secretary, August Bruns.

Treasurer: David Hay.
Asst. Treasurers:
School, Wm. Betcher.
Town, John Henderson.
High School Representative: Edgar Todd.
Public School Representative: Stewart Chapman.
General Manager: Douglas Alden.

Lacombe Farmer Loses Buildings

C. E. Wilson, a farmer, living 15 miles southeast of Lacombe had his implement shed, granaries and barn destroyed by fire in the small hours of Sunday morning. In reporting the matter, Mr. Wilson stated that he has received during the past few months many threats from parties signing themselves the "Black Hand."

Besides this, he was always coming across chingies and bits of scrap lumber and paper with the imprint of a hand on them, but paid no attention to these matters with the result that his buildings were burned. Asked about the fire, Mr. Wilson said he was in bed asleep when he was awakened by the crackling of the fire. Going into the yard he noticed that his implement shed and granary were a mass of flames, and as he had little assistance, nothing could be done to save the adjoining buildings, and his barn fell prey to the flames. The barns and other buildings were located about 150 yards away from the house and it is hardly thought likely that some drifter had set the place on fire, owing to the fact that the fire started in the implement shed and a drifter would not likely seek shelter in the shed when a barn was handy.

Popular Couple Married

CHESSOR-FLEWELLING

A very interesting event took place at the home of Mr. and Mrs. G. H. Brown, on Thursday, Nov. 27th, when their daughter, Annie Flewelling was united in marriage to William Chessor.

The drawing room was tastefully decorated for the occasion. The bride wearing a beautiful gown of black lace over rose satin and carrying a bouquet of Chrysanthemums and ferns, with white satin streamers entered the room on the arm of her father to the strains of Mendelssohn's wedding march, played by Miss Sheila Cameron. Mrs. F. B. Stewart, in a gown of black silk trimmed in maline, acted as matron of honor, while the groom was ably supported by Cameron Fraser.

After the ceremony, which was performed by Rev. H. Young, of Crossfield, assisted by Rev. Mr. Wright, a vocal solo "My Prayer" was beautifully rendered by Mrs. Young.

The bridal party and a number of friends then sat down to a sumptuous dinner. The table decorations were in pink and white, while a beautiful wedding cake made a charming centre. The four efficient waitresses were: Miss Ila Flewelling, Sheila Cameron, Beatrice Stewart and Dorothy Ogilvie. A pleasant social hour was spent during which toasts were proposed to the bride and groom and ably responded to by Mr. Chessor.

The afternoon was informally spent in music, vocal and instrumental until the happy couple drove away amid the best wishes of their friends. The bride's going away dress was of brown flat crepe with eggshell trimming with hat and shoes to match. A handsome tweed coat-

completed the costume. The popularity of both bride and groom was evinced by the many beautiful gifts received.

The bride, matron of honor and best man were the recipients of beautiful and appropriate gifts. All the friends join in wishing Mr. and Mrs. Chessor a very happy married life. On their return they will reside in Lacombe.

College Heights Happenings

The Student's Promotion association of Canadian Junior College held its first session last Thursday. The election of officers was the main business of the session. Reports were given by the secretaries of the various committees composing the association.

Mr. Adolph Bernhard, business manager of Canadian Junior College, left last Monday on a short business trip.

Some of the recent visitors to the College were: Robert Beilke, Miss Abbie Omatstead, Miss Molly Bernhard and Miss Doris Libby.

On November 29, Pastor D. C. Newbold addressed a large audience in the college chapel on the topic of "True Health Principles." Many facts relating to the value of a vegetarian diet were brought to the attention of those present.

Mr. P. D. Gerrard, field agent for the Western Union of Seventh-day Adventists, is back again at College Heights after an extended trip through British Columbia.

The organization of an orchestra and a chorus were among the recent developments in the music department.

Sunday evening the Sunshine band put on a program in the college reception hall to obtain funds with which to scatter more sunshine. A

silver collection was taken which amounted to \$12.11.

A NARROW ESCAPE

John Henderson, who lives near the north end of Gull Lake, had a narrow escape from drowning on Saturday last when his auto broke through the ice on the winter road on the lake. His car, a closed one, was almost submerged, and Mr. Henderson was forced to break the windows before he could escape from his perilous position. The car was badly damaged. Mr. Henderson had been

over the road in the morning and it appeared to be perfectly safe, but the weather being mild, the ice weakened during the day.

Youths' Conference is Held at Lacombe

Fifty-five delegates, representing Westsaskia, Ponoka, Lacombe and Bentley attended the Youths' Conference, held in the United Church, Friday afternoon and evening, Nov. 21st. Insofar as the Lacombe Presbytery is concerned this is a pioneer movement and the conference was called with the object in view of creating an organization of young people from the ages of 17 years to 25 years, for the purpose of mutual spiritual, mental and social advantages.

A welcome was extended to the visitors by Rev. W. J. Moore of Bentley, after which the Chairman, Mr. Douglas Alkenhead, explained the purpose of the conference.

"How to keep the program up to Standard" was dealt with in a general way by R. W. Hubbard, Secretary of the Religious Council of Alberta, who first explained that "Standard" is something that has developed with the times and meets general opinion. If there is any high class of people in the world today it is the Church people, and consequently they will be responsible for high type of programs. The speaker deplored the tendency of so many people to get at things with a lot of vim and bang and then to sag as soon as the novelty wears off. In any business or undertaking the work has to be planned and it is just as necessary in a society to have all programs arranged for well in advance. A program hurriedly prepared lacks a sense of value, the speaker feels cramped, unable to efficiently deal with his subject and leaves a poor impression upon his audience. All programs should provide as much variety as possible, and distribution so made as to draw out those who are retiring and reluctant.

The speaker also emphasized the danger of sacrificing quality to quantity. It is possible to ruin a society by drawing in large numbers of people who take no interest. There are four main areas in which the interest of young people may be classified. Citizenship—they should know what the ballot stands for and how to use it; Religious attitudes and philosophies; the choosing of a vocation and the question of Home-making. These four big issues are serious things and with it all goes the fun and frolic of youth. There should be no hostility between the serious thinking and joy.

Everett Dick, a young lad from Ponoka, read an exceptionally well prepared paper on "Why a Young People's Union in our Church?" and among other things stressed the fact that whereas there are Trail Rangers, Tuxis, C.G.I.T. groups to take care of the younger children and Missionary Societies, etc., to take care of the Adults, there is really nothing to interest the young people between 17 and 25 years of age. A Young People's Union would provide training in Leadership, fellowship for those of similar ages, and sociability where the surroundings will often prove whether the companions are harmful or helpful.

The slate of officers for the Presbytery were elected and duly installed as follows: Hon. Pres.; Rev. R. B. Layton, Lacombe; President, Rev. Davies, Ponoka; Vice-President, Annie Miller, Blackfalds; Sec. Treas.; Everett Dick, Ponoka; Convener of Debates, Ruth Steele, Ponoka; Convener of M. & E. Work, to be chosen by Westsaskia and Clive.

A picnic lunch was served by the Lacombe C.G.I.T. girls in the Church Hall. Mr. N. E. Carruthers, acting in place of Mayor G. T. Jackson, who was unable to be present, welcomed the visitors to Lacombe and wished them much success with their new organization. He also expressed the hope that it would be non-sectarian.

After devotional exercises, Jack Collett briefly outlined the inception of the Young Peoples' Union, which began in Birmingham in 1928. From this was appointed a committee of twelve, who sent out questionnaires which resulted in the development of six hearty cut lines of thought in which young people are particularly interested. Alberta was allowed three representatives to the council held in June at Toronto, at which 176 young people representing 42 different denominations were present. Jack gave his hearers a close up view of the conference with many details of their daily activities, and also dealt at some length with some of the problems which came before the council. These included Christian conduct. Young people of today meet with lots of criticism and often wonder when they are doing right; the Christian Home—the value of the personality of every person in the home should be recognized; Christian vocation and leisure time—a good tool for leisure time is—Is it helpful spiritually, educationally, physically and socially? Sunday recreation should be dedicated to that which is most helpful to the development of spiritual and mental attitude of the individual. Boy and girl relationships—this phase of their lives calls for more information than most of them have, and there is more danger in delaying information too late than in giving it too soon. The Council recommended a book, "So Youth May Know," by Dickenson.

Every red-blooded boy and girl is eager to worship and God needs our worship, just as we need to worship Him. Youth must also share Christ with others. It has been said that the development of the last fifty years have been due to experiments in the physical world, but the advance of the next fifty years will be due to experiments in the spiritual world. Miss Lydia Farrell, the next speaker, illustrated her talk with many little stories taken from real life, and felt that the path of life was rough. Lacombe people because of the stonies and boulders of life, because they refuse to become aware that there is a problem. She urged the young people to do their own thinking and not merely to express the thoughts of others. Barriers between Christian Churches could only be broken down by friendliness, thus paving the way for a spirit of Christian unity. Rev. Moore moved a vote of thanks to the speakers and Rev. Davies expressed his appreciation of the honor which had been bestowed upon him by the conference.

A most enthusiastic hour was spent in some hilarious games after which Rev. R. B. Layton closed the conference.

Represent West at Royal Winter Fair

Swine Club Judging Champions, representing the Western Provinces, made a clean sweep of the judging contests at the Royal Winter Fair, held recently at Toronto. The photograph shows the winners of the four western provincial titles and the winners of the Dominion Championship in Swine and Calf Judging. The teams from Alberta were successful in defeating teams from all other Provinces of the Dominion in Calf and Swine Club work and also captured the coveted Robb Trophy for Swine Club Judging and the W. J. Black Trophy for Calf Club Work. From left to right the photograph shows: Top row: H. R. Bowman, Special Representative, Agricultural Dept., Canadian National Railways, Vancouver, B.C.; Avery McConnell, Winton, Sask.; J. Devlin, Superintendent of Farm Employment, Canadian National Railways, Second Row: W. E. Schmidt and Robert Wylie, of Vegreville, Alta., Dominion Champions in Swine Club Judging, and Gordon and Vernon McNeigh, of Camrose, Alta., Dominion Champions in Calf Club Judging. Bottom Row: Bob Perry, Armstrong, B.C.; Agnes Creighton, McConnell, Man.; Sadie McConnell, McConnell, Man.; Arthur Nash, of Armstrong, B.C.

News From Our Schools

An interesting program was given in the Assembly Hall on November 28, by the grade ten students. Edgar Todd took the chair in the absence of the President Boyd Carruthers. After "O Canada" a short business period was held, and then the real program began. The first item was a Latin chorus "Gaudemus Igitur" given by some of the girls. Following that was a scene from "The Merchant of Venice." Edgar Todd taking the part of "Old Gabbio" and Claude Halpin taking the part of "Launcelot Gabbio" his son. Next were two "peppy" numbers by the instrumental trio: Vena Craigen, piano; Isabel Mathieson, violin, and Austin Sulitor, guitar. These numbers were greatly appreciated if one is to judge by the applause. The last number on the program was the "Session of the Laboring Parliament." A bill on the abolishment of homework was introduced by Henry Magilton, representing the field of fairs. After this bill was earnestly discussed it was passed by the house. The school paper was read. Bob McLaugherty led the school yell and the meeting closed with "God Save Our King."

Lacombe Ties Ponoka 3-3

In a good game of hockey on the local arena last night, the local team tied the score with Ponoka, the move being 3 to 3. Up still the last period it looked as if Ponoka would be on the winning end of the score, as Ponoka had it over Lacombe by 2 goals when the gong went for the end of the second period. In the last period, Lacombe scored two goals to tie the score. Although the teams played fairly good hockey, the play was ragged in places, owing to the fact that this was the first game of the season. By the middle of the season, a lot of great hockey can be expected. All of the local players were in good form, but in the opinion of everyone at the game, Earl Calkins was the outstanding player on the ice. The scoring for Lacombe was done by Earl Calkins, who scored one goal and assisted in another, T. Edmunds and Brooks.

A. M. CAMPBELL'S

REASSURING STATEMENT BY BANK OF MONTREAL

The annual report of the Bank of Montreal—with its many reassuring features—makes its appearance at a most opportune time. Naturally, with disturbed conditions in every country of the world, many are endeavoring to obtain a better understanding of underlying conditions throughout Canada.

On this account, it will be gratifying to find that the premier bank of the Dominion has been able to submit to its shareholders a report that shows the Bank has fully maintained its characteristically strong position. It was to be expected, in view of general conditions, that there would be some falling of in the volume of business handled, and perhaps in profits. It is, therefore, encouraging to note that for the last six months of the fiscal year the Bank has been able to show gains in several of its principal departments—to further add to its usual position of strength by an increase in liquid assets to almost 60 p.c. of total liabilities to the public, and at the same time reports to its shareholders profitably to take care of the regular dividends and bonus; to apply \$300,000 to bank premises and to make a comfortable contribution to Profit and Loss Account.

The general statement of assets and liabilities, which is for the fiscal year to October 31st, contains a number of interesting features. Total assets are reported at \$826,969,537, up from \$822,599,648 at the end of the first six months of the year. Of this total, liquid assets amount to \$438,192,479, at which level they are equivalent to 59.32 p.c. of total liabilities to the public, and compare with \$378,450,296. Included among them are cash and Dominion notes of \$190,647,419, or 13.54 p.c. of total public liabilities.

The somewhat smaller volume of business being done throughout the country is reflected by a reduction in current loans in Canada to \$290,572,423 from \$335,201,194, while current loans outside of Canada are \$42,547,341 as against \$43,188,319. Loans to cities, towns and municipalities stand at \$24,246,064 as compared with \$27,461,184.

A constructive feature is shown by the tendency of deposits to record increases. Total deposits now amount to \$607,305,742, up from \$688,007,784.

The profit and loss account shows profits of \$4,619,031 as compared with \$7,070,892 in the previous year. The profits, added to the amount carried forward, made the total available for distribution \$7,254,612. This was apportioned as follows: dividends and bonus \$5,047,586; provision for taxes Dominion government \$459,970, and

reservation for bank premises \$500,000, leaving a balance to be carried forward of \$947,047, against \$735,582 at the end of the previous fiscal year.

The Bank this year, in addition to issuing its statement in circular form to shareholders, is publishing a summary of the outstanding features of the report in a form that will be readily understandable. This statement will be found in another column and is certain to be of great assistance to all who are endeavoring to obtain in brief form an easily understood outline of the position of the Bank.

THE MODERN WOODMEN OF AMERICA RETURNING

Mr. A. E. Whitestone of Seattle, Wash., Deputy Head Consul of the Modern Woodmen of America was in Lacombe on Wednesday afternoon and evening in the interest of the society.

The Modern Woodmen of America is the strongest fraternal, Beneficial Society in North America, and has paid several death claims in this community. On account of the very low rates, they were forbidden to write new business in Canada 11 years ago. They were prevailed to raise their rates to an adequate basis which they did last year and then were invited to Canada to resume operations again. There are 40 members in the local camp. They are all enthusiastic by the prospect of seeing relatives and friends avail themselves of this cheap protection.

JOFFRE NEWS

We are sorry to say that Mrs. Mulrooney was taken to the Red Deer hospital on Wednesday where she underwent an operation for a tumor of the chest. They report she is doing very nicely now.

Owing to the severe storm on Saturday, Nov. 22, several men of the district who were hauling coal from the mines of the river had to spend the night at the mines. Ray Bailey was lucky enough to make it home, but experienced some difficulty.

The Graham boys had the misfortune to break one of the glasses in their car by a piece of flying gravel while passing another car on their way down to take feed to the horses.

Pete Boomer and Ernie Bean are home from their hunting trip with two fine moose. It looks like a hard year for the moose by the number of lucky hunters in this district.

All of the schools in this district are busy preparing for their Christmas Concerts, which they say are going to be bigger and better than ever.

DON'T BE FOOLED! YOUR SIGNATURE HAS VALUE . . . CONSIDER!!

If you put your name on a petition, it means you have considered carefully what you have signed.

IS IT YOUR TRUE AND CONSIDERED OPINION THAT THE PRESENT LIQUOR ACT SHOULD BE MUTILATED?

Think what it would mean to abolish hotel beer rooms and club licenses. It would open the door to bootleggers and "blind pigs." Alberta today is law-abiding. Don't bring back the disregard of law as it was in prohibition days.

Think Twice! Don't Sign!!

Leave the Act alone. We don't want the bootlegger back again.
